Who we are

Bison Life®, headquartered in Alpharetta, USA, is a one-stop-shop for Industrial Safety, Industrial Cleaning, Food Safety, Health Care, and Household products in the North American market. Founded in 2009, With a steadfast commitment to customer satisfaction, we aim to surpass expectations by providing exceptional customer service, enhanced flexibility, and cost-saving solutions for in-store and retail operations.

Delivering services across all 50 states of the USA, safeguarding over 30 diverse industries, more than 40 Million products manufactured every year, and protecting more than 10 Million workers on a daily basis. Our extensive product portfolio features well-known brands like Safe Handler®, Kleen Handler®, Kleen Chef®, Zayaan Health®, and Popular Life®, tailored to meet the needs of a wide array of industries and households. We proudly distribute our products to over 70,000 stores nationwide, alongside more than 25 affiliate online partners.

In 2023, Bison Life® is extending its presence into the Asian market, establishing the corporate office in Bangalore, India. With a strategic focus on India as a central hub for the South East Asia market, Bison Life® is launching its "Safe Handler®" brand to provide comprehensive industrial safety solutions as it begins operations in the country.

Product Specification

Air Flow Rate	Adaptive Breathing (Tested at No Less Than 65 lpm)
Noise Level	60dB
IP Rating	IP54
Indicators	Low Pressure Indicator, Sound and Light Alarm, Electromagnetic Compatibility
Operating temp.	-5°C to 55°C
Storage temp.	-10°C to 65°C, 20% to 80% RH
Std Battery duration	>8 hours
Heavy-Duty Battery duration	>12 hours
Charging time for Std Battery	4.5 hours
Charging time for Heavy-Dusty Battery	6.5 hours
Battery life	At least 500 charges
Main unit protection	IP54; the unit complies with intrinsic safety standards (ExiIIC / ExiIIIC)
Particulate filter standards	CE: TM3, GB: P100
Gas filter standards	GB/CE: A1/A1B1E1K1
Leakage rate	≤2%
Inhalation resistance	≤350 Pa (when powered on)
Exhalation resistance	≤700 Pa (when powered on)
Dead space	≤1% (when powered on)

HYBRID TECHNOLOGY

Supplied Air Respirators

ConAer™ Series

CA100
EN14594:2018

ConAer - CA100 Filter and Regulator Panel is a compressed breathing air purifier system designed to help Applications remove or reduce selected contaminants that are found in standard compressed airlines.

Specification

Inlet pressure (max.)	150 psi static
Rated air flow (max.)	50 scfm (1416 L/min) at 105 psi
Inlet pressure (recommended)	90 to 120 psi (6.2-8.3 bar)
Outlet pressure range	0 to 115±5 psi (0 to 7.2±0.34 bar)

	Model No.	Product Description
	CA100	Compressed airfilter & regulation panel
	CA101-25	Supplied air hose -7.5m (25ft)
	CA101-32	Supplied air hose -10m (32ft)
	CA101-50	Supplied air hose -15m (50ft)
	CA101-65	Supplied air hose -20m (65ft)
	CA101-102	Supplied air hose -31m (102ft)
	CA101-S20	Supplied air Spiral hose -6m (20ft)
	CA102	Regulator with Face Piece Connector and Waist Belt
	CA103	Internal Filter
